ABOUT THE PROPERTY

The double height entrance hall features an open tread oak and glass staircase, with Crittall style framed doors defining the adjoining spaces. Double doors open into a large formal living room with an open fire, while a separate study provides space to work from home.

Towards the garden, a cleverly divided snug or playroom connects through framed doors to the expansive kitchen and living room. Abitalia cabinetry, quartz surfaces and Gaggenau appliances establish the quality, with a substantial island designed for dining alongside space for a separate table and chairs. Folding doors open onto the garden. A utility room provides access to the integral garage, with plumbing for an additional washing machine.

All five double bedrooms have fitted wardrobes. The principal suite includes a separate dressing room and an ensuite with freestanding bath, walk in shower and twin basins. The top floor offers adaptable bedroom accommodation and a large entertainment or media room with kitchenette.

OUTSIDE

The large, level south facing rear garden provides generous space for dining, recreation and relaxation, with folding doors connecting it directly to the kitchen and living room. Its proportions complement the spacious interior, offering scope for family gatherings and everyday outdoor living. Electric gates open onto a block paved driveway, with an integral garage accessed internally through the utility room.
